

# WILDLIFE MANAGEMENT AREAS WMA

There are nearly 100 WMAs and refuges across Tennessee managed by the Tennessee Wildlife Resources Agency. Varying in size from 53 acres to 625,000, all WMAs are available to the public for hunting and trapping, although certain regulations do apply.

## GENERAL REGULATIONS

**Acts of disorderly**, obnoxious or boisterous conduct, including acts which interfere with the orderly process of hunting, are prohibited. Violators shall be removed from the area and/or prosecuted.

**Alcoholic beverages:** Possession of any alcoholic beverage, narcotic drug, barbiturate or marijuana while hunting within the management area is prohibited. No individual may be under the influence of these substances at any time while within a management area. The use of any alcoholic beverage is prohibited on these areas year round: Catoosa, Cheatham, Chuck Swan, Forks of the River, Laurel Hill, Pea Ridge and Prentice Cooper, except in designated camping areas.

**Bag limits:** Statewide bag and possession limits apply unless special exception is indicated.

**Baiting:** The placement or depositing of any type of food to feed or attract wildlife on WMAs is prohibited.

**Dog training for small game:** Wildlife management areas are open for dog training Sept. 1–Mar. 15 unless otherwise indicated.

**Firearms:** Use, possession or transportation of firearms, bows and arrows or other arms and ammunition is expressly prohibited except when authorized. Firearms loaded with ammunition in either the chamber or magazine may not be transported in vehicles, see page 14.

**Horses** permitted on roads and trails open to motorized traffic and other trails or routes established for their use, except as otherwise indicated. Riding off roads into fields, woods or on foot trails is prohibited unless otherwise provided.

**Hunters** (except raccoon, opossum, turkey, and waterfowl hunters) may not enter prior to one hour before sunrise, and they must be out of the area by one hour after sunset. Raccoon and opossum hunters must be out of the area by one hour after sunrise except on Cherokee WMA. Public access will be prohibited in the subimpoundments of Barkley Unit I, Cheatham Lake, Haynes Bottom, Old Hickory Units I and II, Camden Units I and II, Big Sandy, Gooch Unit A, Tigrett, and West Sandy from two hours after legal waterfowl shooting hours have ended until 4:00 a.m. the following day during the late duck season(s).

**Hunting near private dwellings:** It is unlawful to hunt, shoot at, chase or kill with or without dogs any wild animal, wild birds or waterfowl on public lands and waters within 100 yards of a visible dwelling house, without the owner's permission, whether or not such a dwelling is on public or private lands.

**Litter:** No litter or sewage may be deposited in the area.

**Motorized vehicles:** All motorized vehicles must be muffler equipped to suppress noise and be spark-arrestor equipped to prevent fires. Operation of motorized vehicles is confined to roads not designated as closed. Off-road vehicles are restricted to roads open to other motorized traffic (except where prohibited by state or federal statute) and designated trails only. ORVs may be operated during daylight hours and at other times when participating in authorized activities. Driving off roads into woods, fields or utility right-of-ways is prohibited for all motorized vehicles. Motorized vehicles may be prohibited on any agency-owned wildlife management area if deemed necessary to protect wildlife, vegetation and/or property. Some exceptions apply. See individual WMAs for specific restrictions.

**No person shall damage or remove** any trees or other plants, dirt, gravel or sod from any wildlife management area or other Tennessee Wildlife Resources Agency-controlled lands without specific authorization.

**No species of wildlife** may be harassed except those authorized for the hunt and no animal killed shall be dismembered to the extent that its species and sex cannot be identified before checking out of the area.

**Overnight camping** may be permitted on designated areas by permission from area manager, park ranger, lake manager, park superintendent or national forest supervisor. Such camping is subject to the limitation prescribed in the permit, if required. On areas where overnight camping is allowed, weapons must remain in camp except during legal hunting hours. Individuals authorized to carry handguns (those with handgun permits) may not carry their sidearms within wildlife management areas except on authorized hunts and then only during specified hunting hours.

**Pen-raised game birds:** The release of pen-raised game birds on WMAs is prohibited unless otherwise specified.

**Safety zones:** Hunting is prohibited in safety zones except where provided.

**Target practice** is prohibited except on designated ranges. See page 74 for a list of TWRA firing ranges.

**Unauthorized persons are prohibited** from being in the area during big game hunts except when indicated. Unauthorized persons are prohibited from being in the wildlife management area during managed turkey hunts, except on the Cherokee, Royal Blue, Sundquist, Tellico Lake and Land Between the Lakes wildlife management areas. Only persons having valid turkey hunt permits for the hunt date are authorized to be on the management area. **Exception:** A licensed hunter may accompany a hunter with a valid permit to assist him/her in calling. The assisting hunter may not have a firearm in his possession at any time and may not harvest a bird. Check with the WMA area manager before the hunt date.

**Calling or attempting to call wild turkeys** using any sound that mimics those made by a wild turkey is prohibited from March 1 to the opening day of the spring turkey hunts on all WMAs.

**Wanton waste:** Hunters are required to retrieve all crippled or dead game if possible and are prohibited from disposing of dead wildlife on WMAs.

**Wheelchair-bound hunts, zones, or blinds** are open to hunters who are totally and permanently confined to a wheelchair as certified by a physician. On wheelchair-bound big game hunts, each wheelchair-bound hunter must be accompanied by a non-hunting assistant (age 16 years or older), except on Cordell Hull WMA and Yuchi WMA where the assistant may also participate in hunting. On wheelchair-bound waterfowl hunts, each wheelchair-bound hunter must be accompanied by at least one, but not more than three assistants (at least one of whom must be age 16 years or older), who may also participate in hunting.

## BIG GAME HUNTING ON WMAS

**Permits:** WMAs with a “BG” after the name require a *Big Game WMA Permit* in order to hunt big game, in addition to the regular hunting and big game licenses. There are two types of big game WMA permits for all WMAs depending upon the hunt: *Quota* and *Annual Nonquota Special Season/WMA Big Game. Quota Permits* must be obtained by application to the Tennessee Wildlife Resources Agency, and are allocated based upon a computer random drawing. *Annual Nonquota Special Season/WMA Big Game Permits* (Type 094), or Type 167 permits are available at all license agents and offices of the TWRA and are valid for all nonquota big game hunts, including the Cherokee WMA, for the entire license year. Lifetime Sportsman and Sportsman License holders do not need to purchase the nonquota permit, and may apply for quota permits at no charge.

**On the Cherokee WMA,** a Type 094, Type 095 or Type 167 is required to hunt big game and is valid for all nonquota Cherokee WMA big game hunts. Type 095 permits are not valid for any other WMA.

**Anyone hunting with a borrowed permit** may be prosecuted for hunting during closed season. WMA permits are not transferable.

**Young Sportsman’s Hunts:** Young Sportsman’s deer hunts are for youths age 6-16 unless otherwise noted. Proper licenses and permits required. Each youth must be accompanied by a nonhunting adult. Both adult and youth must wear 500 square inches of fluorescent orange.

**Youths hunting big game on a WMA:** Proof of hunter education certificate is required for youths 10 years of age and older. An appropriate hunting license is also required for youths 13 years of age and older. All youths, age 6-16, are required to have a WMA permit (Type 094) or a quota permit where applicable, unless they are hunting with a Lifetime License. Youths age 6-16 may also apply for WMA quota hunts. Youths age 6-16 must be accompanied by a nonhunting adult, 21 years of age or older, who must remain in a position to take immediate control of the hunting device, who is not required to have a license (if not hunting) but must wear 500 square inches of fluorescent orange.

**WMA Big Game Quota Hunts:** Deadline for applications is July 25, 2007. See page 27 for information.

**Cherokee party dog hunts:** Applications are available from the TWRA Region IV Office (423) 587-7037.

**Muzzleloading firearms** are legal on all gun hunts except where indicated under the individual WMA listings.

**Feral hogs** may be taken during any big game hunt on WMAs or refuges, except during spring turkey season when they may be taken by archery tackle only. The taking of feral hogs is prohibited on Catoosa, Foothills, and South Cherokee WMAs.

**Deer bag limits** - For WMAs open with the statewide deer season, deer harvested count towards statewide bag limits. Deer taken on buck-only hunts must have at least one antler a minimum of three (3) inches in length unless otherwise specified. On antlerless only hunts, antlerless deer are defined as those deer with no antlers or deer with antlers less than three (3) inches in length.

**Turkey Bag limits** - Bag limit for spring turkey season is one bearded turkey per day unless otherwise indicated.

**Tagging and Checking Stations:** It is unlawful to move, transport or field dress any big game animal, except for feral hogs, without invalidating and attaching a properly completed temporary kill tag. On WMAs where the bag limit is more than one big game animal, the temporary kill tag, which is part of the big game license, must be dated and attached to the first animal before it is moved, transported or field dressed. The hunter may continue to hunt until the end of the day; however, all harvested animals, one of which must be tagged, must be transported to the nearest checking station on that calendar day. At the checking station a permanent kill tag will be issued for each animal harvested plus one new temporary tag will be given to the hunter for their next hunt. If the WMA checking station is closed, hunters must check their big game through local county checking stations following standard statewide checkout procedures (see page 21). All big

game animals harvested on a WMA where a permit is required and checked at a county checking station, must be designated as a WMA big game animal, unless otherwise specified.

**Tree Stands:** The use of wire, nails or other metal material is prohibited in the building or attaching of climbing devices or hunting stands. Portable devices or stands that do not injure trees can be used. Hunting from permanent, attached stands is prohibited. Leaving any personal property, including tree stands, unattended for more than 24 hours is prohibited without prior approval of the area manager.

## SMALL GAME HUNTING ON WMAS

**Permits:** In order to hunt or trap small game on WMAs with a “SG” after the name, individuals are required to have one of the following permits in addition to the regular hunting or trapping license. (The exception: Lifetime Sportsman and Sportsman License holders or youths age 6-16 who are accompanied by an adult with a valid permit). *Annual Senior Citizen Permit* (Type 167), *Annual Small Game only* (Type 093); *1-Day Small Game and Waterfowl* (Type 092); or *Annual Small Game and Waterfowl* (Type 091).

**Closures during big game hunts:** Closures may apply; see specific WMA listing for those closures.

**Fox, groundhog, and striped skunk** hunting is permitted on all wildlife management areas during any scheduled small game hunt unless special exception is indicated.

**Small game hunting with center-fire weapons:** Rifles and handguns using center-fire ammunition are prohibited for hunting all small game species on wildlife management areas with only a few exceptions: Rifles and handguns using center-fire ammunition are legal for hunting beaver, bobcat, foxes, coyotes, feral hogs, groundhogs, and crows, only during deer season and the hunter must be a licensed legal deer hunter. Coyotes and bobcats may be taken by big game hunters while hunting big game with any legal big game weapon or ammunition.

**Crow** may be taken on small game hunt days that coincide with the statewide crow season (see page 15).

**Falconry** open with statewide falconry seasons.

**Bobcat** may be taken on any hunt that coincides with the statewide bobcat season except on Oak Ridge WMA.

**Raccoon and opossum** hunting is from sunset of the date shown to sunrise of the next day. Raccoon hound field trials permitted Sep. 1-Apr. 30 unless prohibited.

**Field Trials:** Small game (except raccoon) and retriever field trials permitted year-round with approval of the area manager unless otherwise specified.

**Dogs are allowed for small game hunting unless special exception is indicated.** A permit is required for dog training on areas which require a small game permit. On Cherokee and LBL management areas, dogs are allowed on improved roads and in permitted camping areas. All dogs must be detained by chain or leash if not being legally used for hunting.

**Dogs are not allowed during spring squirrel season except where noted.**

**Youth hunting small game on a WMA:** Youths, ages 6-16, must be accompanied by a permitted adult, 21 years of age or older, who must remain in a position to take immediate control of the hunting device except as otherwise noted.

## WATERFOWL HUNTING ON WMAS

**Permits:** WMAs with a “WF” after the name require either an *Annual Small Game and Waterfowl permit* (Type 091); or a *1-Day Small Game and Waterfowl permit* (Type 092) in addition to a *regular hunting license* (Type 001) and *Waterfowl license* (Type 005). There are three exceptions: Lifetime Sportsman and Sportsman License holders and youths

age 6-16 who are accompanied by an adult with a valid permit, do not need a permit. Nonresidents, however, must have either a Type 091 or Type 092 in addition to their license.

**Blind Site Drawings:** A hand drawing will be held on the first Saturday in August for permanent waterfowl draw blind sites on *Barkley Unit I, Big Sandy (including Gin Creek Unit), Camden Units I and II, Cheatham Lake, Cordell Hull, Gooch Unit A, Harmon Creek, Haynes Bottom, Old Hickory Units I and II, Tigrett, AEDC (Woods Reservoir), West Sandy, and Reelfoot*. Individuals wishing to compete in the drawing must appear in person at the designated location, with the appropriate licenses and permits and submit an application between 7:00 a.m. and 10:00 a.m. The drawing will be held immediately after the last person signs up. One application is permitted per person and no one may apply for more than one area. Each applicant must be at least sixteen (16) years of age to compete in the drawing or sign-on.

**Permanent registered and permanent draw blinds:** Waterfowl hunting on all the above WMAs (except *Big Sandy, Camden Unit II, Harmon Creek, Barkley Unit II, Reelfoot, and West Sandy*) permitted only from permanent blinds allocated by the hand-held drawing, unless otherwise specified. On *Big Sandy, Camden Unit II, Cordell Hull, Harmon's Creek, Barkley Unit II, Reelfoot, and West Sandy* hunting is permitted from registered blinds and from temporary blinds or hides. Blinds, blind materials, boats, hides, and decoys must be removed from temporary sites at the end of the shooting hours each day.

**The permittee,** the person to whom the TWRA issued the permit, must occupy his/her blind by the legal daily opening shooting time on days he/she wishes to hunt, and if the blind is unoccupied at that time by the permittee, the first person or party occupying the blind shall be entitled to the privilege of its exclusive and uninterrupted use until the end of shooting hours that day. Exclusive and uninterrupted use entitles the person or party the right to exclude all others from the blind at the person's or party's option, except for law enforcement personnel engaged in the performance of their duties. The permittee has priority use (exclusive and uninterrupted) only if he/she is at the blind on or before the legal daily opening shooting time, regardless of whether or not the blind is occupied by another person or party, provided the permittee produces identification and his/her blind permit. No more than 8 individuals age 16 or older may occupy a permanent draw blind at any time. No restrictions on the number of youths under age 16.

**Bogota WMA Waterfowl Reservation Drawing:** You can obtain an instruction sheet at any TWRA license agent, TWRA regional office, from the *2007 Waterfowl Hunting Guide* or online at [www.tnwildlife.org](http://www.tnwildlife.org). The applications can only be processed by TWRA license agents, personnel at a TWRA regional office, or online at [www.tnwildlife.org](http://www.tnwildlife.org). If applying in person, remain until your application is processed to verify that the information is correct and to receive your receipt with your confirmation number. A \$10 nonrefundable application fee is required for all applicants of the party except for Sportsman License holders. **DO NOT MAIL THE INSTRUCTION SHEET.** Hunters can apply alone or in a party. Four (4) is the maximum party size. Youths, age six to sixteen (6-16) years of age on the day of the hunt, may apply. However, they must apply in a party with at least one adult, twenty-one (21) years of age or older. Hunters must also possess a Type 091 WMA Small Game and Waterfowl Permit or a Sportsman License while waterfowl hunting at Bogota WMA. If you have questions, call 615-781-6621 during regular business hours (8:00 a.m.-4:30 p.m. CDT). You may begin applying on September 18, 2007. The deadline is October 17, 2007. A computer drawing will be conducted to determine successful applicants. Reservations are nontransferable and hunt dates may not be changed.

**West Sandy (Springville Bottoms) and Reelfoot registered blinds** West Sandy blind sites must be registered at the designated location on the first Saturday in August by 10:00 a.m. CDT. Reelfoot blinds must be registered with the TWRA manager prior to August 1. Lifetime Sportsman License or Sportsman License or an Annual Small Game and Waterfowl Permit (Type 091), or Type 167 is required at registration except Reelfoot where a Reelfoot Duck Blind Permit is required. Individuals claiming blind sites on these areas may not compete for blind site drawings on other areas.

All blind sites will be given a registration number, which must be displayed, using lettering 2 inches or larger inside the blind, or on a stake at floating blind sites. When floating blinds are moved to designated blind stakes, the number must be immediately transferred from the stake to the blind. No blind may be constructed or repaired or any floating blinds moved onto the area that have not met the deadlines for registering the blind and displaying the registration number. Unregistered and/or unnumbered blinds are subject to removal.

No blind may be locked or barricaded to deny entrance to other hunters when the blind is not in use.

**Wheelchair-bound blind sites** - Certain WMAs have special blind sites established for wheelchair-bound hunters. See specific WMAs for regulations if applicable.

**Temporary blinds and decoys** must be removed at the end of shooting hours each day.

**All decoys** must be removed by the owner of the blind within ten days after the close of waterfowl season. **Refer to the 2007 Waterfowl Guide for additional restrictions.**

**Youths hunting waterfowl on a WMA:** Youths, ages 6-16, must be accompanied by an adult, 21 years of age or older, who must remain in position to take immediate control of the hunting device except as otherwise noted.

← 15 inches →

**On Yuchi WMA**, antlered bucks legal for harvest must have 4 or more one-inch antler points on one side of the rack or an outside antler spread of 15 inches or larger. When judging the size of antlers in the field, remember the general guideline that if the outside antler spread is wider than the buck's ears, then the outside antler spread is at least 15 inches.

## FOR BEAR'S SAKE

Every year the Tennessee Wildlife Resources Agency receives hundreds of calls and complaints concerning black bears. Most of the complaint calls are due to bears raiding garbage containers, bird feeders, and pet food left outdoors. Additionally, some irresponsible people intentionally feed bears. As a result of improper storage of garbage, easy availability of bird seed, and direct or indirect feeding of bears, animals often become habituated and evolve into a nuisance and a safety threat to humans. The life expectancy of these bears may be less than half of "wild" bears. Disappointingly, there are no other alternatives but to destroy bears that have become a threat to human safety. Last year hundreds of agency man-hours were spent addressing bear-human conflicts and at least seven bears were destroyed as a result of irresponsible behavior of people directly and indirectly feeding bears. Remember a fed bear is a dead bear.

Please help minimize bear problems by preserving the "wild" nature of bears by following these few simple tips:

- Ⓞ **Do not feed bears.**
- Ⓞ **Store garbage in bear-proof containers or in a manner that is inaccessible to bears.**
- Ⓞ **Do not feed birds in areas inhabited by bears between April and January when bears are most active.**
- Ⓞ **Keep pet food stored indoors and feed pets in the house or garage.**
- Ⓞ **Do not add food to your compost piles.**
- Ⓞ **Keep cooking grills clean and stored indoors when not in use.**
